

Welsh Language Charter

Important information...

Aiming for the Silver Award

As you know, the school was successful in winning the bronze award before the summer and we want to build on our successes by winning the silver award next ...

The Welsh Language Charter is an excellent opportunity to develop the use of Welsh language within our school community. This includes the pupils, staff, parents, governors and the wider community.

This year there is an emphasis on developing the Welsh language in the community, and we need your help to do this ...

3 things can you do to help ...

Support the school as we offer activities in Welsh for parents and children

Encourage your children to speak Welsh in the community

Tweet pics or videos of you or your children using Welsh in the community

To read more about the Language Charter, click the link below to access the information page on our new school website ...

Launching the Silver Award

We have a host of events in the coming months to launch our bid for the Silver award...

We may need to raise a fee for some of the activities as part of our fundraising work to further develop the Welsh Language Charter in school. Every penny of the money raised will go towards resources for the children, opportunities to work with external agencies to promote the Welsh language and further exciting events to come.

This is what we have planned so far...
